

SERIES LB - 2100 / LB - 2200

The Series LB-2100/LB-2200 Lamp Cabinets are factory assembled from single-size modules in any number of windows high or wide to accommodate customer requirements for window size and panel cutout. The lamp assembly features colored bezels and nameplates. Rear panel screw terminals allow external connection or factory wiring to multipin connectors to interface via multiconductor cables to the lamp driver logic. The two parallel connected lamps are available for 24 Vdc or Vac, 48 Vdc or Vac, 115 Vac or 125 Vdc. The LB-2100 features a nominal window size of 1.5 inches by 3 inches, and the LB-2200 is 2 inches by 3 inches.
